

國立清華大學
生命科學院

NATIONAL TSING HUA UNIVERSITY
COLLEGE OF LIFE SCIENCE

Special Seminar

Title 1: **A forward genetic screen identifies modifiers of a voltage- and calcium-activated K⁺ channel in left-right neuronal asymmetry**

Speaker: **Dr. Chiou-Fen Chuang**

Associate Professor, Department of Biological Sciences, University of Illinois at Chicago, IL, USA

Title 2: **Spatial and temporal control of dendrite arborization in a nociceptive neuron in *C. elegans***

Speaker: **Dr. Chieh Chang**

Associate Professor, Department of Biological Sciences, University of Illinois at Chicago, IL, USA

Workshop: **Q&A “Forward genetic screens in *C. elegans*”**

Time: 2:00 PM, Tuesday, July 24, 2018

Place: Room 109, LS Building II

Host: Professor Oliver Wagner

Language: English
